

EDUCATION:

Nov 2022 - Present

Bachelor of Technology in Electronics and Communication

Maharaja Surajmal Institute of Technology, Janakpuri, New Delhi

GPA: 7.51 (Till VI Semester)

College Societies: E – Cell MSIT, IEEE MSIT, Hult Prize

Events: Avensis 2024, Genesis 2023

SCHOOLING:

**Aug 2011 – Aug
2021**

Bhatnagar International School, Bhera Enclave, New Delhi

Class X: 94.6%

Class XII: 85.4%

TECHNICAL SKILLS:

C ++ | Data Structures | Python | HTML | CSS | JavaScript | OOPS | DBMS | Computer Networks | SQL

DEVELOPER TOOLS:

VS Code | PyCharm | Sublime Text | X Code |

DATA ANALYSIS TOOLS:

Jupyter Notebook | MS Excel | Google Sheets | PowerPoint | MS Word | Pivot Charts | Power Query

SOFT SKILLS:

Attention to Detail | Public Speaking | Presentation skills | Work Optimisation

PROFESSIONAL EXPERIENCE:

Oct 2024 –Dec 2024

Beforv Enterprises Pvt Ltd.:

Business Development Intern

- Conducted client outreach via LinkedIn Sales Navigator and Gmail, executing cold email campaigns and sending timely follow-ups to enhance engagement.
- Streamlined and organized the company's client database, maintaining detailed records of brands, clients, and payment histories for improved operational efficiency.
- Identified and engaged with potential clients, and fostering new business opportunities.
- Collaborated with the team to optimize client communication strategies and drive revenue growth. Gained practical experience in CRM tools, email marketing, and professional networking platforms.

Safe Ledger Pvt Ltd.:

**Jan 2025 – Feb
2025**

B2B Strategic Intern

- Business Development & Negotiation - Led outreach efforts to Chartered Accountants and consultants to onboard virtual office providers, negotiating competitive pricing to optimize costs.
- Regulatory Compliance & Client Services – Assisted businesses with GST registrations, MSME certifications, and company incorporations via the MCA portal, ensuring smooth and compliant onboarding.
- Operational Efficiency - Leveraged Excel and google sheets to manage data, track registrations, and maintain operational workflows.
- This experience strengthened my negotiation skills, regulatory knowledge, and ability to drive operational efficiency in a high-paced environment.

PROJECTS:

Orders and Finance Analysis | Excel Dashboard Project

- Designed and built an interactive Excel dashboard to analyse key metrics across Orders, Revenue, and Profits.
- Cleaned and transformed raw data to enable meaningful visualization and deep financial insights.

- Used **pivot tables, conditional formatting, data validation, and lookup functions (VLOOKUP, INDEX-MATCH)** to create a dynamic and user-friendly reporting tool.
- Highlighted trends in customer orders, product categories, and sales geographies to identify revenue bottlenecks and growth opportunities.
- Automated calculations of **monthly revenue, profit margins, and order volumes**, enabling faster decision-making and reporting.
- **Tools Used:** MS Excel, Pivot Tables, Data Cleaning, Visualization, Logical & Lookup Functions

AI Waste Segregator | AI-Powered Waste Classification System

- Developed a machine learning-based waste classification system using **Python** and **OpenCV**, leveraging **ESP32-CAM** for real-time image capture and classification of waste into recyclable, non-recyclable, hazardous, and organic categories.
- Trained a lightweight convolutional neural network (CNN) optimized for edge deployment to enable accurate on-device inference with minimal latency.
- Integrated **Arduino (C/C++)** for hardware-level control, enabling automated waste sorting through servo motors based on AI-generated classifications.
- Utilized **ultrasonic sensors** for object detection and automated lid operation, creating a fully autonomous input-to-action pipeline.
- Designed for scalability with a mobile-integrated interface, supporting future expansion into smart city systems and real-time waste data analytics.

ACHIEVEMENTS:

- 1st Position, Code Genesis Hackathon 2024 at MAIT Delhi
 - Top 10, BuildwithIndia Hackathon2024 at Google Office, Gurugram
 - Top 10, Hacknovate 2025, ABES Institute of Technology, Ghaziabad
 - 2nd Position in Annual College Sports Fest (Tug of War)
-

POSITIONS OF RESPONSIBILITY:

E- Cell MSIT | Head| Sponsorship Department:

Responsible for reaching out to potential sponsors and finalising deals for various events of the society. Also served as a member of the designing team responsible for creating presentations and design templates. Collected sponsorship proposals worth RS. 3 Lakhs for the annual college fest.

Hult Prize India | Organising Committee Member:

In the said role, my responsibilities will be to recruit the rest of the organizing committee for various departments such as finances, marketing, operations and promote the idea and vision behind hult prize. As a team, we will also be responsible for organizing the on-campus rounds for Hult Prize 2024, by selecting, guiding, and nourishing social venture ideas of students across our campus.

Avensis 2024 | Head | Sponsorship Team:

Led the Sponsorship Team for Avensis 2024, successfully securing corporate partnerships and sponsorships to fund the fest. Oversaw end-to-end fundraising operations including pitch creation, outreach strategy, and stakeholder management. Negotiated and closed sponsorship deals with companies, raising ₹ 2.5 Lakhs to support the event's logistics and activities.
