EXPERIENCE

Cosmox Blogs, Pune— Article Writer

July 2024 - March 2025 (9 Months)

At Cosmox, I was involved in developing ideas, conducting research, and writing articles in close collaboration with the team. As a student-run organization, this experience significantly strengthened my teamwork and research skills.

EDUCATION

MIT Vishwashanti Gurukul School, Pune

Grade XI-XII

2024 - 2026

Subjects: Mathematics, Physics, Chemistry, Computer Science and English

PROJECTS

Global conflicts — A study on conflict resolution and peace-building strategies from public opinion and case studies from the past

Conducted a small-scale study that involved locally collecting public opinion data on conflicts and resolution strategies, analysing it, assessing the role of public opinion on peace building strategies and reaching a conclusion to integrate the findings into local education.
