12+ years of IT expertise, with 4+ years of experience as a Project Manager with a track record of managing Projects along with optimizing processes by employing effective Project Management & Quality Management principles to drive growth. Armed with a PRINCE2 Practitioner certification and process demonstration capabilities in conceptualizing and executing multi-million-dollar Projects while ensuring 100% Client satisfaction and delivery as per the agreed scope, cost and timelines.

I never mix or confuse Project Development Life Cycle with The Project Process Groups.
