Experience

Research & Academic Work

Hearts and Codes: Exploring the Impact of AI on Human Social Relationships

- Conducted academic research for a paper presentation competition.
- Investigated the rising trend of AI as romantic/companionship replacements in India. And employed qualitative interviews and quantitative surveys to analyze public perception.
- Examined ethical concerns and called for cautious regulation of AI relationship tools in India.

Volunteering Experience

- Volunteer at Sankalp Organization, Delhi | Sept 2024 – Present
 - Worked in Delhi's slums, gaining firsthand exposure to the life and challenges of marginalized communities.
 - Strengthened communication and grassroots outreach skills through community engagement.
- Social Media Head – NSS Unit, IPCW | Sept 2024 – Present
 - Led digital content creation, video editing, and managed social media platforms. Played a key role in organizing and promoting institutional and government-led social initiatives.
