

Maan Gajera | Male, 20

Educational Qualification			
Qualification	Institute	CGPA/ %	Year
B.C.A.	Indus University, Ahmedabad	9.8/10	2026
XII, CBSE	Nirma Vidyavihar, Ahmedabad	77%	2022
X, CBSE	Nirma Vidyavihar, Ahmedabad	87%	2020

Academic Achievements	
• Winner of Techno Freaks Coding Competition at Indus University for demonstrating strong programming skills	2024

Projects and Internships	
Live Projects/Training	
CRUD API, Dexoc Solutions	- Built a CRUD API using .NET Core to manage and process backend data operations. - Integrated Entity Framework for seamless database connectivity and efficient querying. - Tested endpoints with Postman and documented API flow for smooth developer handoff. 2024

Academic Projects	
University Management ERP System	- Designed and developed a full-featured College ERP system to streamline management of student data, attendance, course registration, and faculty information. - Built role-based access modules for admin, faculty, and students to ensure secure, scalable, and efficient user interaction across departments. - Used technologies like [mention tech, e.g., .NET/PHP/MySQL] for backend and created a responsive UI for smooth navigation 2023

Additional Certifications	
Full Stack Web Development, Udemy	- Completed Web Development Bootcamp covering front-end & back-end technologies - Built full-stack apps using Node.js, Express.js, MongoDB for dynamic web content - Practiced version control with Git/GitHub and deployed projects using Git 2024
Database Management System	- Understood core DBMS concepts including normalization, & transaction management. - Practiced writing complex SQL queries for data retrieval, manipulation. - Explored database models and relationships using tools like MySQL and ER diagrams 2023
Data Structures and Algorithms	- Studied core data structures like arrays, linked lists, stacks, queues, trees, and graphs - Practiced algorithmic techniques such as recursion, sorting, searching, and dynamic programming 2023

Extra-Curricular Activities	
• Successfully completed the Chandra Shila Trek (12,000 ft), demonstrating endurance, discipline, and a passion for adventure	2023
