DHANBAD, INDIA

---

## Profile

Driven developer with a strong grounding in computer science and practical experience in frontend development. Experienced in data analysis using Power BI. Effective communicator with demonstrated abilities in leadership and team management.

---

## Skills & abilities

**Expertise Area:** Data Analysis , Servicenow Fundamentals, Software Development Life Cycle (SDLC).

**Programming Languages:** C++, Java

**Database:** MySQL

**Tools:** Git, GitHub, Canva, Power BI

**Non-Tech skills:** Leadership (Chief coordinator at cultural club)  
Team Management (Student coordinator at T&P cell)  
Communication skills

---

## Education

**Dr. B.C. Roy Engineering College, Durgapur, B.Tech-CSE(2021-2025)**

Average SGPA: 7.95

**D.A.V Model School, C.F.R.I, Senior Secondary School Certificate (2020-2021)**

Attained 80%

**De Nobili School, F.R.I, Secondary School Certificate(2018-2019)**

Attained 79.33%

---

## Projects

### Employee Performance & Attrition Analysis

- Utilized SQL for data extraction & EXCEL for data cleaning.
- Developed interactive POWER BI dashboards to present actionable insights.
- Technologies:** SQL, EXCEL, POWER BI

### Sentiment Analysis Tool

**Team Size: 3**

- Developed a comprehensive sentiment analysis tool with an intuitive interface.
- Includes CSV analysis and YouTube comment analysis for detailed sentiment insights.
- Implementing machine learning algorithms to support multilingual and precise analysis.
- Technologies:** Python, Streamlit

---

## Coursework

### Coursework in Data Science

#### Celebal Technologies

Based on learnings from the training program, got an opportunity to analyze data using tableau and know about variety uses of python & some machine learning algorithms.

---

## Certifications

**TATA – GenAI Powered Data Analytics  
Job Simulation**

**Micro-Certification (Servicenow)**

---

## Interests And Hobbies

**Technical Interests:** Coding and Data Analysis

**Non-Tech Interests:** Music Production
