PROFILE SUMMARY

I am a first year law student at South Calcutta Law College and an active volunteer with the National Service Scheme(NSS). I have a basic understanding of Contract Law and Family Law from my coursework, and I am eager to connect this knowledge with real-world issues. I bring sincerity, adaptability, and a genuine willingness to learn. I want to gain practical experience, contribute in whatever way I can, and grow into a responsible legal practitioner who can use law as a tool for positive change.
