

AAHIREE DUTTA

UNDERGRADUATE STUDENT

An undergraduate sociology student with a passion for understanding human behavior and social dynamics. With a keen interest in exploring diverse perspectives, I immerse myself in literature that spans philosophy, fiction, and social theory. My academic pursuits are complemented by a love for critical thinking and analysis, which I apply to both my studies and personal interests. Skilled in managing volunteer databases and fostering collaboration, I excel in building relationships and ensuring compliance with safety protocols. My strong verbal communication and organizational skills have significantly enhanced team performance and community engagement.
