

VARSHIN KAPPERA

varshinkappera@gmail.com | [LinkedIn](#) | [Github](#)

Ph No: +917702791521 **Address:** Kphb 3rd Phase Kukatpally Hyderabad

SUMMARY

A detail-oriented and analytical problem-solver with hands-on experience in data analysis, requirements gathering, and delivering technical solutions. Proven ability to bridge business needs with technical execution through collaboration, clear communication, and a strong grasp of the software development lifecycle.

EDUCATION

VNR Vignana Jyothi Institute of Engineering and Technology <i>B.Tech in Computer science and engineering-(Data Science) (CGPA: 8.66)</i>	Hyderabad, Telangana, India <i>Nov 2022 - June 2026</i>
Page Junior College - TSBIE <i>Class 12: 87 Percentage</i>	Hyderabad, Telangana, India <i>June 2020 - July 2022</i>
The Indo English High School - CBSE <i>Class 10: 91.3 Percentage</i>	Hyderabad, Telangana, India <i>March 2020</i>

SKILLS SUMMARY

- **Languages:** C++, Python, SQL, HTML, CSS, Data Mining, Data Visualization, Data Cleaning.
- **Libraries and Frameworks:** MongoDB, Pandas, NumPy, Seaborn, Matplotlib, Logging, Error Handling, Software development lifecycle (SDLC).
- **Developer Tools:** Git, GitHub, Power BI, Microsoft Excel, Canva, ChatGPT, VS Code, Google Colab, Tableau.
- **Soft Skills:** Analytical Thinking, Requirements Elicitation & Documentation, Problem-Solving, Collaboration & Teamwork, Communication (Written & Verbal), Stakeholder Engagement, Attention to Detail, Time Management.

EXPERIENCE

Deloitte Australia Data Analytics Job Simulation on Forage - July 2025

- Acted as a Business Analyst in a simulated environment to understand data requirements and deliver insights for a forensic technology case.
- Developed a comprehensive Power BI dashboard to visualize key metrics, enabling data-driven business conclusions for stakeholders.
- Utilized Excel for data classification and analysis, demonstrating ability to handle data and draw actionable business insights.

PROJECTS

- | | |
|---|------------------------------|
| Retail Sales Analytics & Business Intelligence Dashboard | Excel, Pandas, Python |
| <ul style="list-style-type: none">• Engineered a data pipeline integrating two datasets, performing data cleaning on 2,400+ records to ensure 99% integrity for accurate reporting.• Developed an interactive Power BI dashboard that reduced manual reporting time by 40%, providing real-time insights into sales, customer behavior, and payment trends.• Derived actionable insights, identifying that 23% of total sales originated from Maharashtra and the Clothing category comprised 63% of items sold, enabling targeted strategic decisions. | |

- | | |
|--|--|
| Cricket Performance Dashboard (ESPN Cricinfo) | Power BI, Power Query, DAX, Excel |
| <ul style="list-style-type: none">• Designed and developed an interactive Power BI dashboard showcasing player stats, match performance, and rankings from ESPN Cricinfo.• Utilized Power Query for data transformation and cleaning, integrating multiple sources to maintain accuracy.• Enabled dynamic filtering, visual storytelling, and real-time insights to enhance user engagement. | |

- | | |
|---|-----------------------------------|
| Automatic Drone Delivery System (Group of 4) | YOLO, RVec, OpenCV, Python |
| <ul style="list-style-type: none">• Engineered an AI-powered drone delivery platform for medical supply transport using YOLO for object detection and RVec for pose estimation.• Collaborated in a 4-member team and contributed to system design, computer vision, and drone navigation.• Addressed real-world challenges in object tracking, leading to a published patent. | |

Exploratory Data Analysis on Nifty 50 Stocks

Python, Pandas, Matplotlib, Seaborn

- Performed EDA on Nifty 50 stock data, leveraging APIs to fetch real-time and historical data for financial
- Visualized stock performance trends, correlations, and volatility metrics using Matplotlib and Seaborn.
- Enabled data-driven decision-making by identifying key patterns in sectoral and individual stock movements.

CERTIFICATIONS

- The Complete Full-Stack Web Development Bootcamp – Udemy.
- Intellipat SQL Certification – SQL - Intellipat
- C Programming Bootcamp - The Complete C Language Course – Udemy
- Hands on Power BI with Data Visualisation - Infosys Springboard.

ACHIEVEMENTS

- I have obtained a patent for the ADDS (Automatic Drone Delivery System) project, featuring AI-driven autonomous drone navigation Presented a research paper at ICAMADA International Conference held at VNRVJIET.
- Awarded Smart Interviews Smart Coder Bronze Certificate.
- Worked on Power BI tools at North South Foundation.
- Pitched on an idea at Ideathon by GDSC at VNRVJIET.
- Participated in Webathon 2.0 conducted by GDSC at VNRVJIET.
- Qualified for Round 3 in Codenox conducted by Turing Hut at VNRVJIET.
- Co-founded the "VJ Deep Learning" club at VNRVJIET to promote awareness and hands-on learning in Deep Learning through workshops, discussions, and collaborative projects.

EXTRACURRICULAR ACTIVITIES

- Member of CSI , VNRVJIET.
- Won Best Cadet at a National Camp in Secunderabad organized by NCC
- Founder of VJ Deep Learning Fusion Club.
- Awarded A certificate by NCC by Southern Command.
- Played Cricket at state level sports during schooling.
