PROJECTS

Financial Modeling - The Hershey Company (2021-2026)

Pune

Integrated granular assumptions across revenue growth, operating margins, capital expenditures, and working capital to construct fully linked, forward-looking financial statements for The Hershey Company (2021-2026).

Engineered comprehensive debt structuring, interest modeling, and dividend forecasting while deriving high-impact performance metrics such as ROIC, EBITDA margins, and Net Debt/EBITDA.

Validated end-to-end model integrity through dynamic scenario testing, cross-statement balancing, and consistency checks across the entire forecast horizon.

- Built a detailed 5-year financial model of Hershey Company, providing accurate valuation and strategic insights for investment decisions.
