Hey, I'm Upasana!

I am a keen observer and love crafting stories around my daily life. I believe that all forms of design are about telling a story.

Portfolio

[Upasana's Portfolio](#)

Key Projects

Honey Trails

Exhibition Design Guided by Prof. Aman Xaxa April 2025

- Worked as part of a 4-member team to create a collapsible travel exhibition targeted for school kids highlighting the importance of honeybees
- Designed and prototyped a collapsible, mobile exhibition on bees and apiculture as a proof of concept, integrating interactive and gamified educational elements tailored for school students.

Among Stars and Stories

Book Design Guided by Prof. Deepa Balsavar Ongoing

- Developed and illustrated a children's book from concept to completion, handling story development, visual design, and production.
- Explored various styles and thumbnails, showcasing traditional art techniques and narrative design.

The Endless Appetite

Animation Design Guided by Prof. Dhimant Vyas March 2024

- Created a 2 min animation film highlighting fast fashion's impact, applying design principles, narrative development, and animation tools
- Managing the full pipeline from scriptwriting and storyboarding to illustration, animation, and post-production.

Lenskart

App Redesign Guided by Prof. Wricha Mishra August 2025

- Performed an ergonomic analysis of the Lenskart app version <> to understand the issues and redesigned the app to reduce cognitive workload faced by users
- Used evaluation methods like HTA, SHERPA< SUS, NASA-TLX, Heuristic Evaluation and more.
