

Shriyadithya Nair

Aspiring cybersecurity professional pursuing a B.Tech in Computer Science with a specialization in Cyber Security. Skilled in programming, data analysis, and system security, with hands-on experience in developing software solutions and participating in hackathons. Proactive learner with a strong foundation in logical reasoning and problem-solving.

KEY COMPETENCIES

- Classical cryptography
- Modern Cryptography
- Computer networking
- System security and management
- Cyber Forensics
- Cloud computing
- Operating system
- Computer organisation and architecture
- DataBase Management system
- Discrete Mathematics
- Probability and Statistics
- LinearAlgebra
- Image and Video Processing
- Machine Learning
- Artificial Intelligence
- Deep Learning
- Python
- C++

INTERNSHIP

Vcreatek Consulting

May'24-Oct '24

Position :Associate Intern

Developed Task Tracker application- The task would be allotted to the user and the assignee will be notified with many other features included .

Developed Employee leave Application- Permission to be granted from the respective manager for the certain reasons

Worked on an internal project of the company- performance management system.

HACKATHONS

1.IIT ROORKEE- AI based hackathon'24

One amongst the finalists -Topic - Ovarian cancer detection along with its subtypes using KERAS and Random Forest

2. VIT'24 Hackathon - Topic - Specialised the subtypes of ovarian cancer by increasing the efficiency of the model

3. CTF'23- online - Exploiting images using various tools

PROJECTS

Packet sniffer application

Key Skills: Scapy threading -It allows users to select a network interface , -start and stop sniffing , -view the captured packets . technologies used - python libraries - scapy ,tkinter , threadin

Anomaly detection

Key Skills: data exploration feature engineering unsupervised clustering The project is about detecting and classifying anomalies or cyber attacks . - It includes data exploration - descriptive statistics , data visualization -data preprocessing- handling missing values, outliers, data normalisation, encoding categorical variable -feature engineering - feature interactions -model building - random forest classifier , logistic regression , gradient boosting classifier -unsupervised clustering- kmeans clustering ,PCA -DDoS detection -Anomaly detection

Virtual painter using CV

Key Skills: MediaPipe OpenCV -To create a real time canvas application which is controlled by hand gestures -hand landmark detection for tracking hand and finger movements -multiple finger interaction for color selection, brush customization -real time feedback and two different interaction mode technologies used - MediaPipe libraries and OpenCV

A CNN model for Ovarian Cancer

Key Skills: PyTorch Torchvision PIL Matplotlib Simple CNN -It is a image classification model using CNNs to classify images . -It will identify which subtype of ovarian cancer is present . -PIL is used for opening and processing the images -PyTorch and Torchvision are used for loading,batching the dataset, preprocessing images, defining CNN model Technologies used - PyTorch , Torchvision , PIL, Matplotlib ,Simple CNN

Weather application

Key Skills: PIL from python tkinter -user have an option to choose a city and it will display about the weather conditions of the city selected. -Request library is used to fetch the data from OpenWeatherMap API -It will also mention the temperature, humidity and gives weather description. -Pillow (PIL) for handling the images. technologies used- request, Pillow, ttk.combobox , tkinter

EDUCATION

Shiv Nadar University , Chennai

B.Tech Computer Science (Cyber Security) 2022-2026

Majors: Cyber Security CGPA-8.075

Army Public School 2020-2022

12th Board (CBSE) - 88%

St. Helena's School

10th Board (ICSE) - 94%

PERSONAL DETAILS

Phone number : 8805862471

email:shriya25nair@gmail.com

EXTRACURRICULAR ACTIVITIES

Community Volunteer

Participated in NSS activities

MUN participation in school and college

SPORTS- badminton

Represented school at City level for two consecutive years

CLASSICAL DANCE - Bharatnatyam

ART AND DRAWING - Achieved A Grade
