ARKA GANGULY

NISM V-A CERTIFIED | MUTUAL FUND ANALYSIS & WEALTH MANAGEMENT

PROFILE

A dedicated and analytically minded finance enthusiast with a proven track record as a disciplined personal investor for over 4 years. Equipped with the foundational NISM Series V-A (Mutual Fund Distributors) certification and a strategic understanding of financial markets. Seeking to leverage a unique blend of self-taught investment acumen and formal financial education to contribute to a progressive role in mutual fund operations, research, or HNI wealth support within the Kolkata financial sector.

CERTIFICATES

NISM Series V-A: Mutual Fund Distributors

- Key Knowledge Areas: Mutual Fund Products, Regulations, KYC & Compliance, Investment Concepts, Risk Analysis.

NISM Series VIII: Equity Derivatives

- Preparing | Expected [3 months]

CORE COMPETENCIES & SKILLS

- Financial Knowledge:** Mutual Funds, Equity Analysis, Portfolio Management, Financial Markets, SEBI Regulations.
- Analytical Abilities:** Financial Research, Performance Evaluation, Risk Assessment, Data Interpretation.
- Soft Skills:** Detail-Oriented Editing (from prior experience), Clear Communication, Analytical Reasoning, Self-Motivated Learning.
- Technical Skills:** MS Excel, NAV calculation, SEBI SCORES Portal.

PROFESSIONAL EXPERIENCE

Video Editor | Windows Production [2023-2024]

- Developed exceptional attention to detail, analytical reading, and clarity in communication—skills directly transferable to financial research and report writing.
- Managed independent projects, demonstrating self-discipline and time management.

PROJECT & PRACTICAL APPLICATION

Personal Investment Portfolio Manager [2021 - Present]

- Actively manage a personal investment portfolio, applying fundamental and technical analysis to make informed decisions.
- Consistently research and evaluate various mutual fund schemes (equity, debt, hybrid), tracking their performance against benchmarks.
- This hands-on experience has built a practical, real-world understanding of market dynamics, risk-return trade-offs, and investor psychology.
