To whom it may concern,

I am writing to express my keen interest in the online internship at "CHILD RIGHTS AND YOU" organization, as the sole reason of volunteering to turn my step in . I am deeply passionate about children's rights and have been following your organization's impactful work in -Fundamentals First Program. My goal is to contribute my skills to support your mission.

As a second year B.Tech student ,I have developed useful skills in tech-related areas . I am proficient in communicating well and have been an active NSS volunteer of my university. I am adept at working independently online as well as enthusiastic about the prospect of gaining hands-on experience in a remote setting and contributing to your team.

I am eager to learn from the organization and contribute to the vital work you do. Thank you for your time and consideration. I look forward to the possibility of discussing my application further.

Yours sincerely,

KAVYA
