Summary

Driven Computer Science and Engineering student with a passion for leveraging AI to solve complex problems. Proficient in prompt engineering techniques and large language models, seeking to contribute to innovative AI solutions. Eager to apply strong programming and communication skills to optimize AI workflows and enhance output quality in a Prompt Engineering Intern role.

Skills

Education

Mangalore Institute of Technology & Engineering

Bachelor of Engineering - Computer Science & Engineering, CGPA: 8.36
2022-present

Vidyodaya P U College

Pre-University-Science (12th), Percentage : 91%
2020-2022

Trinity Central School

Secondary School (SSLC), Percentage : 93%
2019-2020

Projects

- Prompt Engineering Project - Developed and optimized prompts for various AI tasks, achieving a 20% increase in accuracy and enabling dynamic content creation. Utilized Python and LLMs to refine prompt strategies.
- Smart Traffic Monitoring & Prediction System - Integrated YOLOv8 with a Flask dashboard for real-time vehicle detection and implemented machine learning models for traffic forecasting and anomaly detection.
- Personality Prediction via CV Analysis - Built a machine learning model to extract resume features and predict personality traits, enabling automated candidate profiling and improving recruitment efficiency.

Experience

Future Interns

Prompt Engineering Intern

Aug 2025 - Sep 2025

Udupi, Karnataka

- Designed and implemented effective prompts for large language models, resulting in a 15% improvement in AI-driven solution accuracy.
- Experimented with real-world applications of prompt engineering, optimizing workflows to enhance output quality and efficiency.
- Collaborated with a team to refine prompt engineering techniques, maximizing the efficiency of AI workflows and contributing to a 10% reduction in processing time.

Certifications

- Certified in the course 'RPA Developer Foundation' authorized by UiPath Academy, demonstrating proficiency in automation technologies.
- Certified in 'HTML Web Development Crash Course', showcasing web development skills.
- Certified in the course 'Get Started with RPA Development' authorized by UiPath, enhancing knowledge in robotic process automation.
- Completed 'Microsoft Excel using AI' workshop from Office Master in the year 2025, showcasing skills in leveraging AI for data analysis.

Awards

- Secured 6th position in the Developers Hackathon conducted by MITE, demonstrating problem-solving and teamwork skills.
- Received certificate of Participation in Online Aptitude Assessment on Loreal Sustainable Challenge 2024, indicating interest in sustainable solutions.

Extra Curricular

- Volunteered at Spoorthi special school, Moodbidri to engage the students in fun learning environment.
- Enthusiastic about learning emerging technologies.
