Location: Karunagapally, Kollam, Kerala

Career Objective:

A passionate and dedicated Sociology student seeking an internship opportunity at CRY (Child Rights and You) to contribute to child rights advocacy, social welfare, and community programs. I am eager to apply my research and communication skills to support CRY's mission of ensuring children's rights to education, health, and protection.

EDUCATION:

MA Sociology (Pursuing)

Rajiv Gandhi National Institute of Youth Development (RGNIYD), Chennai

Expected Graduation: [2026]

Relevant Coursework: Social Welfare Policies, Sociology of Children, Research Methods, Community Development.

INTERSHIP& WORK EXPERIENCE:

Fieldwork Intern

SOS Children's Village India, Chennai

24th January 2025 – 27th April 2025

Supported educational and vocational training programs for children in need of care.

Assisted in the organization of events and workshops focused on child protection, welfare, and personality development.

Collaborated with local community members and educators to enhance the quality of life for children in the village.

Contributed to monitoring and evaluating the impact of child welfare programs, ensuring they met the needs of the children and their families

SKILLS:

Research: Experienced in qualitative and quantitative data collection and analysis, with a focus on child welfare and social issues.

Child Rights Advocacy: Strong understanding of child protection policies, child labor laws, and NGO work.

Communication: Proficient in both written and verbal communication, capable of working with diverse teams and stakeholders.

Teamwork: Worked in collaborative environments, contributing to team-driven success.

Problem-Solving: Ability to tackle challenges creatively and with empathy, especially in community-based settings.

CERTIFICATIONS:

Certificate of Fieldwork Completion – SOS Children's Village India

27th April 2026

VOLUNTEER EXPERIENCE:

Volunteer – BMI Calculation for Children

Apollo Hospital, IN Collaboration with SOS

Assisted in calculating the Body Mass Index (BMI) for children as part of a health initiative to monitor and improve childhood health.

Worked alongside medical professionals to ensure accurate data collection and analysis.

Contributed to a larger community health campaign aimed at raising awareness about children's nutrition and physical well-being

Achievements:

Conducted an awareness campaign for children focusing on personality development.

Organised Sports days and events for children to foster teamwork and physical activity.
