—Master's Graduate in Genomic Science | Passionate about
Genomic Research, Bioinformatics, and Cutting-edge Molecular
Biology Techniques
Tirupati, Andhra Pradesh, India

Summary

I am a lifelong learner with a passion for uncovering new insights. As
a Master's Graduate in Genomic Science, my journey includes:

Research Highlights:

- Identified novel long non-coding RNAs in wheat-leaf rust pathogen
interactions, shedding light on plant-pathogen interactions and
potential disease resistance targets.
- Conducted genetic monitoring of inbred mouse strains using
microsatellite markers, ensuring genetic consistency and accuracy in
biomedical research.

Industry Experience:

- Quality Control Microbiology at Axxelent Pharma Pvt Ltd:
Gained hands-on experience in media preparation, environmental
monitoring, and culture techniques.
- Quality Assurance at HCCB: Currently exploring water treatment
and analysis, applying my skills in quality assurance and research.

I'm constantly seeking opportunities to grow, learn, and make a
meaningful impact.
