PUBLICATIONS

Title:

Assessing thanatophobia among elderly people admitted in a selected hospital of West Bengal.

PROFILE

I am a B.Sc. Nursing graduate with a strong passion for patient care, medical research, and academics. I successfully completed the ICMR Short Term Research Project (2024), which strengthened my interest in evidence-based nursing and healthcare innovation. I aim to build a career that combines clinical excellence, research, and education to improve health outcomes and advance nursing practice.

WORK EXPERIENCE

Bolpur S.D. and S.S. Hospital

2025

Nurse intern

- Provided patient-centered care under supervision, assisting in clinical procedures, medication administration, and health education across various departments.
- Gained practical experience in nursing documentation, teamwork, and evidence-based care delivery.

ICMR short term research project
