EDUCATION

University of Wisconsin – Madison

Sep 2018 - May 2022

Bachelor's of Science - Computer Science and Data Science

GPA 3.37/4.0

PROFESSIONAL EXPERIENCE

Dell Technologies - *Austin, TX*

Jul '22 - Present

Software Engineer I (Jul'22 - Mar'23) ; Software Engineer II (Mar'23 - Present)

Server Disaster Recovery, PowerProtect Data Manager (Jul'22 - Jul'24); (Jul'25 - Present)

- Partnered with product architects to scope and deliver enterprise-grade recovery features, influencing 2 roadmap adoptions through POCs and demos.
- Increased automation test coverage by 70% using GenAI, reducing regression time by 30% per release cycle and cutting defect leakage.
- Enhanced recovery workflows by resolving conflicts and improving customer satisfaction scores by ~15%.
- Developed internal automation tools that cut UI dependency, saving engineers ~10 hours per sprint.
- Improved error messaging and diagnostic workflows, reducing escalation tickets by ~20%.
- Promoted to Software Engineer II in 1.5 years for exceeding delivery expectations, adaptability, and proactive engagement with leadership.

OneFS, PowerScale (Jul'24 - Jul'25)

- Delivered full-stack contributions enabling enterprise clients to extract and analyze metadata, boosting visibility into high-volume file systems.
- Strengthened automation testing pipelines, resolving defects pending for 2+ years and improving test reliability.
- Optimized file I/O performance for AI-driven workloads, enabling support for datasets >1PB.
- Designed and validated snapshot functionality to meet key enterprise customer compliance needs, reducing data recovery time.

Quiver Quantitative – *Madison, WI*

Feb'22 - May'22

Data Science Intern

- Scraped and structured alternative stock datasets, expanding data coverage by ~25% for end-user analysis.
- Built interactive dashboards, improving accessibility of investment insights for 10k+ platform users.
- Optimized backtesting workflows, increasing reliability and speed of research tools by ~15%.

LEADERSHIP & EXTRACURRICULARS

Dell Technologies - Rotation Program Marketing Committee – *Austin, TX*

Jul'22 - Jul'24

- Head of Marketing Committee; produced newsletters, managed social media, and streamlined cross-team communications.
- Organized speaker panels and networking sessions, improving program visibility with senior leadership.

Girls Who Code – Founder, UW–Madison Chapter

Sep'19 - May'22

- Founded and scaled a chapter to 100+ active members, securing corporate sponsorship and partnerships.
- Organized hackathons, workshops, and mentorship programs that reached 300+ students.
- Drove community engagement initiatives, ranking the chapter #2 nationally among U.S. GWC chapters (2020).

Feature Lead – Dell

- Directed a team of two senior engineers to deliver a high-priority feature within a release cycle.
- Defined roadmap, managed architecture reviews, coordinated code integration, and ensured on-time delivery.

COMMUNITY ENGAGEMENT

SAIVA – Provided support at workshops for elderly community members, fostering connection and reducing isolation.

Badger Volunteer - Assisted with after-school programs for K–5 students at a local elementary school.

Coding for Good – Developed and deployed tech solutions for nonprofits to enhance community support.

Dell Pro-Bono AI Workshop - Led a cross-functional team in a 3-day sprint to help a nonprofit deploy AI capabilities.
