

CONSOLIDATED REPORT OF FIELDWORK

■ Fieldwork Internship Details : My fieldwork internship covered by the help of CRY (Child Rights and you) NGO in ^{Kolkata}. Duration of internship was for 30 days (1st June to 1st July). Our daily work time duration was determined by the agency. It was from 9:00 am to 5:00 pm. Basically I was involved in Official tasks. I was given the fieldwork activity only for 4 days (Sundays) in Dhapa. The field area 'Dhapa' is a slum area of east Kolkata. It is known as dumping ground of Kolkata Municipal Corporation. The people of this area mainly underprivileged and low economic category. The fieldwork task was to teach children of Dhapa in every Sunday. CRY works for child welfare and development. CRY's project area focuses on various aspects of child care and protection. ~~like~~ - child education, child rights policy advocacy, child marriage, stop child labour and child trafficking, child abuse and exploitation etc.

■ Nature of Work and Activities undertaken throughout whole internship period assigned by the agency ~~super~~ Supervisor :-

- <i> 4 days fieldwork in 'Dhapa'. <ii> I had done a Survey fieldwork for fund raising assigned <iii> Made ~~One~~ PPT presentation on 'Child Safeguarding Policy'
- <iv> Prepared two worksheet-questionnaire related to the topic of 'Cyber crime and Cyber safety rules' & Budget-literacy or financial education for the adolescents. (v) Arrangement of school awareness program on cyber crime and cyber security through volunteering activity/performance.
- <vi> Gave a talk session to the children of Dhapa in purpose of 'World Environment Day' celebration (5th June) and cyber safety rules to spread awareness.

Types of Social work method applied:

- (i) Primarily, I used partial Groupwork method
- (ii) Secondly, Social work administration method.

Skill Used: Rapport Building, group discussion, communication, Teaching skill, professional skill, time management skill and adaptation skills etc.

Technique and tools used: Survey, observation and listening.

Skill Developed: Rapport building, communication, active listening, Documentation and report writing skill, computer skill, program management and Volunteering skill etc.

Problem and challenges faced during internship:-

- (i) Adjust with new environment and office culture.
- (ii) Maintain time boundary and ethical consideration.
- (iii) Problem in communication with the children of Dhapa learning center due to their hindi language.
- (iv) Faced difficulties due to diverse weather condition.
- (v) Difficult to trust building for donation collection from local people during survey.
- (vi) Handling the children of Dhapa because they were very indisciplined and arrogant in nature.

• Problem Solving way:- (i) Group discussion with my Group member and other senior interns (ii) Asked for help from my university field Supervisor and agency supervisor (iii) Route navigation by the help of local people and Google map (iv) Program planning with the volunteer of CRY organization (v) Information acquired from Google search.

Fieldwork experience and Learning outcome:

Findings: (i) Lack of systematic teaching system at the Dhapa learning center.

- (ii) Lack of Fund or budget of the agency to conduct multidimensional awareness project.
- (iii) Lack of awareness ~~and~~ responsibility among people about child rights policy advocacy, & child labour.
- (iv) ~~The~~ I know about the children's family background and culture. They were mostly belonging from Muslim community, poor and low literate family, They were hindi linguistic.

• Learning outcome → (i) Gain knowledge about office culture (ii) Gain knowledge about Child Safeguarding policy, budget-literacy (iii) @know about cyber crime awareness and Cyber Safety rules. (iv) Used google location map to navigate route for going new places. (v) Gain knowledge about overall picture of Dhapu which is renowned as dumping ground of Kolkata.

■ Recommendations for the Organization:

The CRY NGO works great but expanding more outreach efforts, enhancing digital advocacy will do wonders. Many inclusive programs should be included. I want to pursue further study in ^{child rights} ~~social~~ policy and want to contribute effectively in this field.

■ Conclusion: This internship experience crystallized my understanding of the profound influence that dedicated organizations like CRY have on child welfare. The insights and skills gained will undoubtedly shape my future endeavors in this field.
