Table of Contents:

1. Introduction
2. Profile of the Organisation
3. Internship Objectives
4. Description of Work Done
5. Learning and Key Takeaways
6. Challenges faced during the first week and how I overcame them

ABOUT THE ORGANISATION:

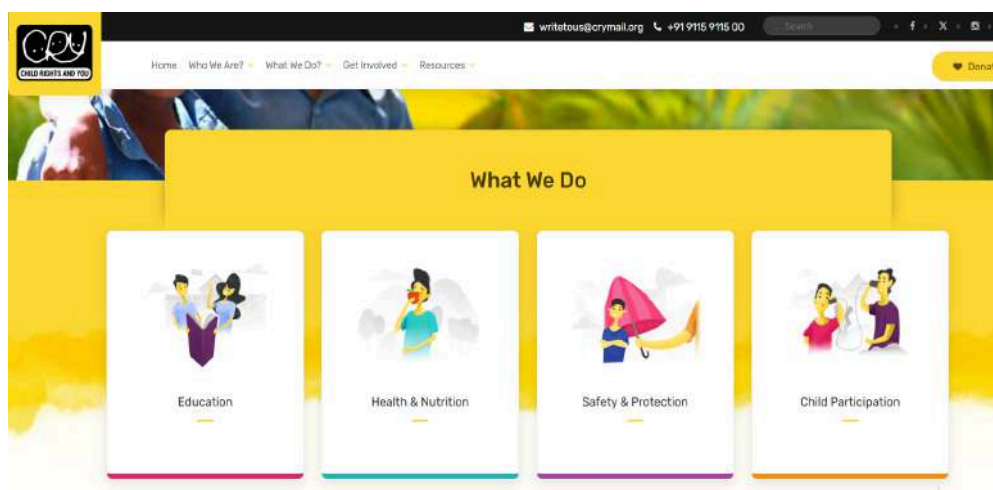

Child Rights and You (CRY) is a leading Indian non-governmental organization founded in 1979 by Rippan Kapur with the vision of ensuring a happy, healthy, and secure childhood for every child. Headquartered in Mumbai, CRY works across 20 states in India, partnering with grassroots organizations to uphold and protect children's rights to survival, development, protection, and participation. **Its core focus areas include education, health and nutrition, protection from abuse and exploitation, and enabling children to voice their opinions.** Over the decades, CRY has positively impacted over 4.7 million children through its rights-based approach, community-driven programs, and strong advocacy efforts. The organization is currently led by CEO Puja Marwaha and continues to be a catalyst for sustainable change in the lives of underprivileged children.

VISION OF CRY:

CRY (Child Rights and You) envisions a world where every child's rights are protected and honored, allowing them to live with dignity, in a society that offers equal opportunities for growth and development.

MISSION OF CRY:

CRY's mission is to enable individuals and communities to take responsibility for underprivileged children, mobilize collective potential, and inspire sustainable action that ensures long-term change in the lives of children. It addresses the root causes of child rights violations by collaborating with grassroots partners and influencing policy.

INTRODUCTION:

As a management student with a deep commitment to social equity, sustainable development, and strategic impact, **I resonate strongly with CRY's mission** and its **community-first approach**. I believe that management is not only a tool for business success but also a powerful medium for driving meaningful social change and CRY exemplifies this philosophy through its structured, impact-oriented work in the child rights space.

In **Week 3 of my internship**, I continued community work at **Nav Srishti**, located in **Neb Sarai, Delhi**, which receives support and funding from CRY. This grassroots organization works actively on education, healthcare, and awareness for underprivileged children and women. My work involved **on-field community service that includes assisting in educational and community engagement sessions, interacting with children and their families, and understanding their ground realities along with organising and assisting various camps for them.**

DAY 1 - 27 MAY 2025 (Summer Camp Programme & Community Outreach)

- **Teaching & Engagement:** Facilitated fun-based learning sessions for children in subjects like Environmental Science and Mathematics as part of the NGO's summer camp initiative, focusing on conceptual clarity and interactive activities to promote learning retention.
- **Event Coordination – Missing Children Day -** Assisted in organizing an awareness event on Missing Children Day **attended by families and officials including the Head Constable and ASI of Neb Sarai Police Station.** Helped coordinate the session where police officials educated attendees on **preventive measures and emergency response protocols in cases of child abduction or missing reports.**
- **Media & Documentation Support:** Contributed to drafting and editing a media report that was later shared with local media outlets and printed in newspapers and digitally to amplify the cause. Participated in **content creation, compiling highlights, and summarizing key takeaways from the event.**
- **Outreach & Logistics:** Assisted in **distributing awareness banners and pamphlets** across the local communities and attendees to spread awareness. Managed on-ground logistics including refreshment distribution and interacting with families to keep them engaged and motivated for further involvement and worked closely with NGO staff and volunteers to ensure smooth execution of daily tasks, community events, and learning sessions.

DAY 2 - 28 MAY 2025 (Summer Camp Programme -Learning Beyond Books: An Experiential Day)

Daily Routine and Experiential Learning:

1. **Warm-Up & Yoga:** The day started with light warm-up exercises followed by a calming yoga session to boost students energy, focus, and physical well-being.
2. **Morning Prayer:** After yoga, students participated in a collective morning prayer, instilling discipline and a sense of community.
3. **Interactive Game – Pass the Ball** where students sat in a circle and passed a ball while music played and when the music stopped, the student holding the ball had to perform a fun task, such as singing, dancing or mimicry to encourage confidence, creativity, and spontaneity.
4. **EVS Activity - Exploring the Environment around us** i.e discussion on “**What is Environment?**”, prompting children to share what they see, hear, and feel around them when they come to the NGO—such as trees, flowers, roads, people, playgrounds, birds, etc.
5. **Drawing & Labelling Activity-** Each child was given a sheet to **draw a plant** and **label any five parts** they knew such as **bud, leaf, stem, flower, fruit, or root** and after labelling, they enjoyed **coloring the plant**, which added a creative and artistic element to the learning process.

Health & Safety Awareness – Covid Education:

- A special session was held to educate children about the **rising COVID cases**, reinforcing the importance of regular hand washing and sanitizing and keeping hands clean before eating or maintaining personal hygiene
- Demonstrations were given on the correct way to **wash hands** and **use sanitizers**

DAY 3 - 29 MAY 2025 (Summer Camp Teaching & Content Development)

Continued Teaching–Learning Support:

Facilitated daily learning sessions for children across different age groups, using age-appropriate and experiential methods in subjects like EVS, Mathematics, and English to ensure continuity in education during the summer break.

Content Creation – Celebration Calendar:

Collaborated with the NGO team to research and compile a report suggesting significant days that can be observed at the NGO to raise awareness among women and children like **Menstrual Hygiene Day, World Day Against Child Labour, National Girl Child Day and World Day Against Human Trafficking.**

Storytelling Activity for Engagement:

Conducted storytelling sessions to engage young learners using interactive elements like actions, voice modulation, and questioning to encourage participation and improve comprehension and listening skills, helping students relate morals from the stories to real-life scenarios.

DAY 4 - 30 MAY 2025 (Fun Friday & Menstrual Hygiene Awareness Day)

Morning Activities – Learning Through Fun:

- The day began with a high-energy warm-up session followed by dance and music, setting a cheerful tone and energizing the children.
- Children were then **taught basic counting and number skills** using rhythmic songs and musical beats, making math learning fun and interactive. This was followed by an **engaging session on environmental awareness**, where children learned about their surroundings, pollution, and nature conservation and alongside a creative game was conducted to **teach concepts like days of the week, months of the year, and seasons** in a playful and memorable way.

Celebration of Menstrual Hygiene Day: In the second half of the day, a special awareness session was held in observance of **Menstrual Hygiene Day** where girls aged **10–12+** and their **mothers** were invited.

- **Awareness Talk:** A detailed and sensitive session was conducted by the **Senior Head of Nav Srishti NGO**, where she explained **what menstruation is**, the **menstrual cycle**, and **why it happens**, **addressing** common myths and taboos around periods.
- Emphasized **personal hygiene practices**, including the use of clean sanitary products, proper disposal methods, and physical/emotional care during periods.
- **Creative Expression Activity:** After the session, participants were given **blank sheets and drawing materials** and encouraged to **express their thoughts, emotions, or understanding** related to menstruation. Attendees creatively drew pads, red stains, menstrual cycles, and symbolic images representing their ideas, promoting open conversation and reducing stigma.
- **Logistics & Support:** Contribution in helping to **organise the session logistics** including setting up the seating, materials, and activity space and assisting participants during the drawing activity along with managing **refreshment distribution** to all attendees at the end of the event to encourage ongoing community participation.

DAY 5 - 2 JUNE 2025 (Dance, Learn and Empower)

Media Content Creation: Designed and developed engaging media content for Menstrual Hygiene Day that was celebrated on 30 May 2025 including captions for social media outreach to spread awareness on menstrual health among underprivileged communities.

Event Coordination & Reporting: Assisted in organizing and executing the Menstrual Hygiene Day event; compiled a simplified event costing and impact report for internal review ensuring clarity for the NGO's future planning and outreach.

Child Engagement & Learning: Continued support for the teaching-learning process by conducting interactive educational sessions with children, integrating games and basic academic learning.

Creative Initiative: Directed and edited a fun dance video on the song “Bum Bum Bole” with the children to promote joyful learning and social engagement; the video was shared on the NGO's social media platform, enhancing visibility and community bonding.

LEARNING AND KEY TAKEAWAYS: Third Week of NGO Internship (CRY x Nav Srishti)

Holistic Event Planning & Execution: I gained hands-on experience in planning, coordinating, and executing community-based events such as Fun Friday, Menstrual Hygiene Day and Missing Children Day. From managing logistics to participant engagement, I understood the importance of precision and adaptability in event management.

Leadership Through Service: By leading and facilitating classroom activities and awareness sessions for different age groups, I developed situational leadership skills, learning to adjust my approach based on the audience.

Experiential & Creative Learning Techniques: I witnessed how play-based and music-integrated learning can make even basic concepts like counting, days of the week, and environmental awareness more effective and engaging.

Communication & Sensitivity in Awareness Campaigns: Assisting in menstrual hygiene awareness sessions taught me how to communicate sensitive topics with empathy and clarity.

Teamwork & Multi-Stakeholder Collaboration: Working alongside NGO staff, fellow interns, children, and community members gave me a deep appreciation for cross-functional teamwork, and taught me how to coordinate with multiple stakeholders to achieve shared goals.

Documentation & Reporting: Compiling a thematic calendar of observance days and preparing a media report enhanced my research, documentation, and content structuring skills.

Emotional Intelligence & Empathy: Engaging with children from underprivileged backgrounds, listening to their stories, and being part of their learning journey helped develop my emotional intelligence, cultural sensitivity, and empathy.

Real-time Problem Solving & Crisis Handling: From handling unexpected changes in event flow to assisting during crowd management and maintaining discipline, I practiced quick thinking and real-time decision-making.

CHALLENGES AND RESPONSE MECHANISMS:

1. Challenge: Managing Diverse Age Groups in a Single Learning Session

Issue: Children from different age groups had varying levels of understanding and attention spans, making it difficult to keep all of them equally engaged.

Response Mechanism: Used age-appropriate questioning and split the group briefly for targeted engagement and introduced games, visual aids, and songs to maintain interest for younger kids while incorporating question-answer discussions for older ones.

2. Challenge: Conducting Sessions on Sensitive Topics like Menstruation

Issue: Attendees were initially hesitant or shy to talk or participate during the menstrual hygiene awareness session.

Response Mechanism: Supported the senior head during the session and helped break the ice through creative drawing activities that allowed expression without verbal pressure. And encouraged mothers' participation to make the atmosphere more supportive and familiar.

3. Challenge: Time Management During Back-to-Back Sessions

Issue: Balancing time between warm-up, prayer, educational sessions, and special activities without exhausting the children.

Response Mechanism: Prioritized a flexible but structured timeline and adapted content delivery based on the students' energy and mood alongside incorporated fun transitions (songs/games) between subjects to re-energize and refocus the group.

4. Challenge: Coordinating Event Logistics Smoothly

Issue: Organizing various events involved multiple moving parts—from seating to distribution to crowd management.

Response Mechanism: Took initiative in team coordination, delegated tasks efficiently among interns and stayed alert during the event to handle on-the-spot needs. It included distributions of resources and refreshments smoothly.

Declaration

I hereby declare that the information furnished above is accurate to the best of my knowledge and reflects my true internship experience for the given week.

Signature of Student:

Date: 02/06/25

A rectangular box containing a handwritten signature in blue ink that reads "Himanshi".
