Table of Contents:

1. Introduction
2. Profile of the Organisation
3. Internship Objectives
4. Description of Work Done
5. Learning and Key Takeaways
6. Challenges faced during the first week and how I overcame them

ABOUT THE ORGANISATION:

Child Rights and You (CRY) is a leading Indian non-governmental organization founded in 1979 by Rippan Kapur with the vision of ensuring a happy, healthy, and secure childhood for every child. Headquartered in Mumbai, CRY works across 20 states in India, partnering with grassroots organizations to uphold and protect children's rights to survival, development, protection, and participation. **Its core focus areas include education, health and nutrition, protection from abuse and exploitation, and enabling children to voice their opinions.**

Over the decades, CRY has positively impacted over 4.7 million children through its rights-based approach, community-driven programs, and strong advocacy efforts. The organization is currently led by CEO Puja Marwaha and continues to be a catalyst for sustainable change in the lives of underprivileged children.

VISION OF CRY:

CRY (Child Rights and You) envisions a world where every child's rights are protected and honored, allowing them to live with dignity, in a society that offers equal opportunities for growth and development.

MISSION OF CRY:

CRY's mission is to enable individuals and communities to take responsibility for underprivileged children, mobilize collective potential, and inspire sustainable action that ensures long-term change in the lives of children. It addresses the root causes of child rights violations by collaborating with grassroots partners and influencing policy.

INTRODUCTION:

As a management student with a deep commitment to social equity, sustainable development, and strategic impact, **I resonate strongly with CRY's mission** and its **community-first approach**. I believe that management is not only a tool for business success but also a powerful medium for driving meaningful social change and CRY exemplifies this philosophy through its structured, impact-oriented work in the child rights space.

In **Week 4 of my internship**, I had the opportunity to work with **Nav Srishti**, located in **Neb Sarai, Delhi**, which **receives support and funding from CRY**. This grassroots organization works actively on education, healthcare, and awareness for underprivileged children and women. My work involved **on-field community service that includes assisting in educational and community engagement sessions, interacting with children and their families, and understanding their ground realities along with organising and assisting various camps for them**. This experience is helping me connect theory with practice i.e applying people management, planning, and communication skills in a real-world setting.

Our Vision & Objective

We are a Non-Profit, Non-Governmental Organization (NGO), registered under Societies Registration Act, 1860 on August 03, 1994 at New Delhi and under Foreign Contribution Regulation Act 1976 and Income Tax (IT) Exemption Act 1961. We believe that working on grassroots level alone will not help much to solve the problems in long-term manner. There is a need to work for changes in policies and programs too. Keeping this in mind, Nav Srishti is working at both levels. On one hand we are working at local level to solve local problems with active involvement of women and local community along with youth, adolescent and children. We also strive to collaborate with the State and National level civil society organization working on similar objectives.

Vision

To Enhance the capacities and skills of underprivileged and marginalized communities, especially women and children so that they could become self-dependent and live a dignified and respectful life.

Mission

Through holistic programs addressing health, education, economic empowerment, and social inclusion, we aim to equip them with the necessary skills, knowledge, and resources to become self-sufficient, empowered, and respected members of society.

DAY 1 - 3 JUNE 2025 (Skill Building & Liver Awareness Day)

1. Women Empowerment & Skill Development

- Documented the success story of a woman trained in the parlor salon and beauty course offered by Nav Srishti.
- Conducted a personal interaction to understand her background, challenges, and journey toward becoming financially self-reliant.
- Highlighted the impact of vocational training on livelihood generation and women's empowerment.

2. Education & Child Development - Summer Camp Programme

- Designed and delivered experiential learning sessions in English, Maths using visual aids, storytelling, and activities.
- Interacted with students of different age groups, adjusting teaching techniques to enhance comprehension and participation.

3. Health Awareness & Community Engagement

- Supported the Liver Awareness Programme organised by the **Liver Care Foundation** under the theme: "**Liver Fit Hai to Jeevan Hit Hai.**"
- Handled **logistics and event coordination**, including managing event flow and on-ground responsibilities.
- Distributed awareness pamphlets to community members, raising consciousness about liver health and prevention strategies. Attended the awareness session as a participant, gaining knowledge on liver care, diet, and healthy lifestyle practices.

DAY 2 - 4 JUNE 2025 (Financial Literacy & Fun Learning Day)

1. Financial Literacy & Awareness Session

- Gained knowledge about various financial products offered by the post office, such as: Savings Account, Recurring Deposit (RD), Public Provident Fund (PPF), Sukanya Samriddhi Yojana and Senior Citizens Savings Scheme
- Realized the importance of such schemes in promoting saving habits and financial security among underprivileged sections.

2. Teaching–Learning at Summer Camp

- Continued regular engagement with children as part of the **Summer Camp Programme**.
- Maintained a **child-friendly learning environment**, encouraging participation and creative thinking

3. Recreational & Cognitive Activities

- Organized a **fun memory game** for the children after academic sessions to boost their **concentration and retention**.
- Encouraged **team play and healthy competition** among students through group-based activity.

DAY 3 - 5 JUNE 2025 (Environment Day Celebration)

1. Drawing Competition

- Organized a drawing competition for children in the morning on the theme of Environment and “Say No to Plastic Pollution” (World Environment Day 2025 theme).
- Encouraged children to freely express their creativity and awareness about environmental issues through art.
- Assisted in managing the competition and providing materials and deciding onto winners

2. Speech & Poem Recitation

- Students presented speeches and poems centered around environmental protection, sustainability, and nature appreciation.
- The session promoted public speaking, creativity, and environmental consciousness among children.

3. Motivational Address

- Heard an inspiring speech by the founder of Nav Srishti emphasizing the role of youth in protecting the environment.
- Interns shared a few words and personal thoughts on the importance of environmental responsibility and sustainable living.

4. Pledge & Plantation Drive

- Participated in an environmental pledge with all attendees, committing to eco-friendly habits.
- Joined a plantation drive, where children and interns planted saplings around the NGO premises.

5. Event Coordination & Media Documentation

- Helped in planning, scheduling, and managing the entire flow of the Environment Day celebration.

- Took charge of videography, capturing key moments and activities throughout the event.
- Edited and submitted a compiled event video to the founder of Nav Srishti for documentation and outreach.

DAY 4 - 6 JUNE 2025 (Funday Friday & Interactive Science Learning)

1. Morning Wellness Session

- Began the day with a yoga and exercise session for younger children to promote physical fitness and mental well-being.
- Assisted in guiding children through basic yoga postures and fun movements to keep them active and engaged.

2. Light Homework & Video Screening

- Distributed light, fun-based homework as it was funday friday.
- Screened the compiled Environment Day video created earlier, helping children relive their participation and feel a sense of achievement and encouraged discussion on what they learned during the Environment Day activities.

3. Paper Craft Activity – Butterfly Making:

- Conducted a **creative paper craft session** where younger kids were taught how to make butterflies using craft paper.
- The activity aimed at Enhancing **fine motor skills**,encouraging **creativity and self-expression**,making **Funday Friday** more engaging and joyful
- Children were excited and actively participated, displaying their finished crafts proudly

4. Science Lab Assistance (Ages 11–15)

- Assisted during a practical science session focused on the topic of conductors and insulators,helping children interact with lab models.
- Made key observations on - Number of participants present,Level of engagement and understanding and Effectiveness of practical demonstration.
- Prepared a brief report summarizing students' learning outcomes and engagement levels during the session.

DAY 5 - 9 JUNE 2025 (File/Report Handling and Summer Camp Assistance)

Teaching-Learning Engagement:

- Continued with the academic support for children enrolled at Nav Srishti.
- Introduced new topics tailored to the students' grasping levels and individual learning abilities.

Family Counselling Centre (FCC) Report Compilation (2024–2025):

- Compiled and documented the FCC report for the year 2024–2025 using Microsoft Word.
- Report included: Total number of cases handled , Number of cases resolved Objectives, goals, and purpose of the FCC and List of centres under Nav Srishti where FCC services are offered
- A brief of a significant case that was successfully resolved due to the timely intervention and efforts of Nav Srishti's FCC team was also included in the FCC report.

LEARNING AND KEY TAKEAWAYS: Fourth Week of NGO Internship (CRY x Nav Srishti)

1. Event Planning & Coordination

- Gained hands-on experience in organizing and executing multi-layered events like Environment Day celebrations, awareness sessions, and fun learning activities.
- Learned to manage time, logistics, and team coordination, ensuring smooth flow of events from start to finish.

2. Communication & Public Speaking

- Improved interpersonal communication while interacting with mentors, children, and community members.
- Developed public speaking confidence through speech contributions during events and awareness programs.

3. Community Engagement & Social Responsibility

- Understood how grassroots organizations like Nav Srishti empower communities through education, financial literacy, and skill development.
- Observed the impact of awareness drives, such as Post Office Schemes and Liver Health sessions, in promoting inclusive development.
- Strengthened my sense of social responsibility and ethical leadership.

4. Teamwork & Collaboration

- Worked collaboratively with fellow interns, staff, and mentors, handling diverse responsibilities like teaching, coordinating events, and assisting sessions.

5. Documentation & Content Creation

- Created success story documentation, highlighting storytelling as a powerful tool for advocacy.
- Took the lead in video documentation and digital content creation for event coverage—showcasing creative and organizational synergy.
- Understood how presentation and reporting play key roles in stakeholder communication and visibility.

CHALLENGES AND RESPONSE MECHANISMS:

1. Diverse Age Groups & Learning Levels

- **Challenge:** Managing children of varied age groups and academic understanding during summer camp sessions.
- **Response:** Adapted teaching methods using visual aids, games, and storytelling to make sessions inclusive and engaging for all learners.

2. Time Management During Multitasking

- **Challenge:** Balancing responsibilities like teaching, event coordination, and documentation with time constraints
- **Response:** Prioritized tasks, created checklists, and maintained a daily plan to ensure smooth execution of duties.

3. Real-Time Event Coordination

- **Challenge:** Unanticipated delays or logistical gaps during events like the Environment Day celebration.
- **Response:** Stayed flexible and calm, communicated with team members, and quickly restructured the event flow to maintain continuity.

4. Technical Constraints in Documentation

- **Challenge:** Limited resources for capturing and editing videos of events.
- **Response:** Used available tools efficiently, leveraged mobile devices, and applied basic video editing techniques to deliver a quality submission.

5. Engaging Children in Science Concepts

- **Challenge:** Explaining abstract science topics like conductors and insulators.
- **Response:** Focused on demonstration-based learning, encouraged questions, and simplified terms using everyday examples.

Declaration

I hereby declare that the information furnished above is accurate to the best of my knowledge and reflects my true internship experience for the given week.
