About the Organization

Child Rights and You (CRY) is a leading Indian non-governmental organization that focuses on child rights and child well-being. The organization, founded in 1979 by Rippan Kapur, has shifted from delivering welfare relief to a rights-based model of addressing the systemic problems impacting children.

CRY's Mission and Impact

The mission of CRY signifies a world where every child is happy, healthy, and educated. CRY works in four key areas:

- **Education:** Ensuring access to quality education for children
- **Health & Nutrition:** Addressing malnutrition and promoting health
- **Safety & Protection:** Combating child labor, child marriage, and trafficking
- **Child Participation:** Enabling children to raise their concerns about decision-making and to participate in decisions affecting them

Working with 102+ local NGOs, across 19 states CRY has mobilized and improved the lives of 4.7 million children.

Collaboration with Nav Srishti

CRY has collaborated with Various NGO's including Nav Srishti. Nav Srishti is a reputable NGO in New Delhi that supports marginalized people, especially women and children. Founded in 1994, Nav Srishti engages issues at the grassroots level while also striving for policy changes at the systemic level. The organization has provided services to over 60,000 people through various programs, which have created self-sufficiency and civic engagement with almost all beneficiaries.

1. Saksham(Vocational Training)-Nav Srishti provides free, market-led vocational and entrepreneurial training for youth and has a goal of empowering girls in particular.

2. Creche Programme for Children -Through the early childhood development program, Nav Srishti provides nutritious meals, health check-ups, and stimulating activities.

3. Mahila Panchayat-Women's Empowerment Nav Srishti has established Mahila Panchayats, or women's councils, in collaboration with Delhi Commission for Women in Nangloi, Holambi Kalan, and Bharola that act as community-based councils where women can interact with one another to receive legal education and support for resolution of disputes, while also supporting women who are subjected to violence and discrimination.

4. Promoting Self-help groups Working with NABARD, Nav Srishti is promoting women self-help groups in rural areas of Faridabad. The goal of the initiative is to build economic and social empowerment of rural women and engage them in decision-making.

Partnership with CRY

Nav Srishti collaborates with **Child Rights and You (CRY)**, aligning with their mission to promote children's rights and well-being. Through this partnership, Nav Srishti extends its reach and impact, particularly in areas like child protection, education, and health.

DAY 1 (14th May)

- Introduction and Orientation at **CRY, DELHI**. I was assigned a Mentor (Mr. Jitendra) who briefed me where did I have to Report the Next day for on field Internship.
- I was asked to research and visit the website of **Nav Srishti** NGO since CRY has collaborated with them (one of the 1st donors) and that was the location of the on field Internship.

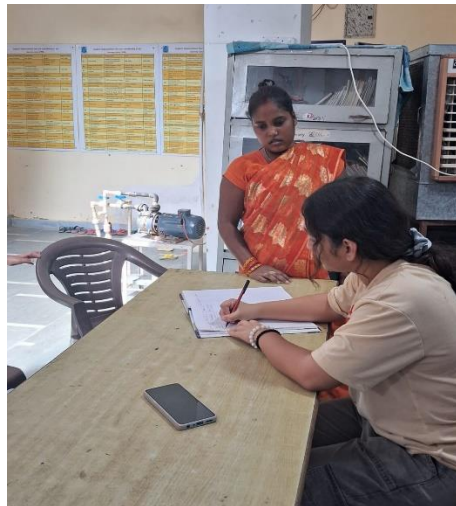

DAY 2 (15TH MAY)

- Met the CEO Of Nav Srishti (Ms. Reena Banerjee) who briefed me that I would be working with children and also helping in social media promotion.
- Given a task to make an Action Plan on how to make more people aware of Nav Srishti and reach potential donors online.
- I was asked to teach Children between the ages of 5 to 11 years in an Interactive Manner so I made them play a crossword by giving them hints as well.
- I taught elementary Mathematics (counting, addition, subtraction, tables) as well as English (Alphabets and basic 3-4 letter words)

DAY 3 (16TH MAY)

- A health camp was organized in Nav Srishti for women(18 years and above) in the locality(village) in collaboration with All India Womens Conference(AIWC).
- I was there on the registration desk where I had to register every women who came in(Records were maintained by taking their Name, Age, Phone number, Aadhar number)
- I was also required to call women from last year who's reports had come in and were at risk of a serious Disease.

DAY 4 (19TH MAY)

- I was asked to teach children of the age group 11 to 15 years. I taught them concepts such as LCM, HCF in Mathematics and Storytelling in English.
- Further I was given work to write content following the Health Camp that was done previously so that it could be posted on Social Media from the NGO's official ID.

KEY LEARNINGS AND OUTCOME

DAY 1 (14TH MAY) Orientation and Introduction

- **LEARNING:** Became familiar with the framework and objective of CRY and relation to Nav Srishti. Understood the expected reporting framework for fieldwork. Gained practical knowledge of the importance for researching and knowing partner organizations.
- **TAKEAWAY:** A thorough orientation is important in setting the tone and creating clarity for on-field responsibilities. Pre-field research enhances your contextual knowledge and state of readiness.

DAY 2 (15th May) Engagement with Nav Srishti Learning

- **LEARNING:** Gained practical experience of doing interactive educational play learning with young children. Learned about how NGOs plan their outreach and social media branding-efforts. Understood key basics of content for teaching the subject matter and delivering to children aged 5-11.
- **TAKEAWAY:** Creativity and patience is at a premium in this work with children. Social media is an important avenue for NGOs engaging with their visibility and garnering interest from donors.

DAY 3 (16th May) Participated in a Health Camp Learning

- **LEARNING:-**Understood the protocol and governance of a communities health camp. Developed my communication methods and proposed design for data collection while taking registrations people in at the desk. Learned the significance of follow up in health based community engagements.
- **TAKEAWAY:-** To raise awareness about health using an outreach model within a marginalized community, I will need to have engagement and record keeping. Administrative assistance is a valuable service while collecting data for a NGO health program.

DAY 4 (19TH MAY) Advanced Teaching and Content Creation Learning

- **LEARNINGS:-**I Improved my teaching skills for "older" learners (11–15 years) in Math & English. .I developed story-telling as a method of engaging young people and educating. I was exposed to content writing to be used for NGO communication and through social media
- **Takeaway:** Teaching across differing age groups means we will need to change our content and way of communicating. Writing about our field events (while we are still on site) gives NGOs valuable reporting material which raises awareness and credibility online.
