About the Organization

Child Rights and You (CRY) is a leading Indian non-governmental organization that focuses on child rights and child well-being. The organization, founded in 1979 by Rippan Kapur, has shifted from delivering welfare relief to a rights-based model of addressing the systemic problems impacting children.

CRY's Mission and Impact

The mission of CRY signifies a world where every child is happy, healthy, and educated. CRY works in four key areas:

- **Education:** Ensuring access to quality education for children
- **Health & Nutrition:** Addressing malnutrition and promoting health
- **Safety & Protection:** Combating child labor, child marriage, and trafficking
- **Child Participation:** Enabling children to raise their concerns about decision-making and to participate in decisions affecting them

Working with 102+ local NGOs, across 19 states CRY has mobilized and improved the lives of 4.7 million children.

Collaboration with Nav Srishti

CRY has collaborated with Various NGO's including Nav Srishti. Nav Srishti is a reputable NGO in New Delhi that supports marginalized people, especially women and children. Founded in 1994, Nav Srishti engages issues at the grassroots level while also striving for policy changes at the systemic level. The organization has provided services to over 60,000 people through various programs, which have created self-sufficiency and civic engagement with almost all beneficiaries.

1. Saksham(Vocational Training)-Nav Srishti provides free, market-led vocational and entrepreneurial training for youth and has a goal of empowering girls in particular.

2. Creche Programme for Children -Through the early childhood development program, Nav Srishti provides nutritious meals, health check-ups, and stimulating activities.

3. Mahila Panchayat-Women's Empowerment Nav Srishti has established Mahila Panchayats, or women's councils, in collaboration with Delhi Commission for Women in Nangloi, Holambi Kalan, and Bharola that act as community-based councils where women can interact with one another to receive legal education and support for resolution of disputes, while also supporting women who are subjected to violence and discrimination.

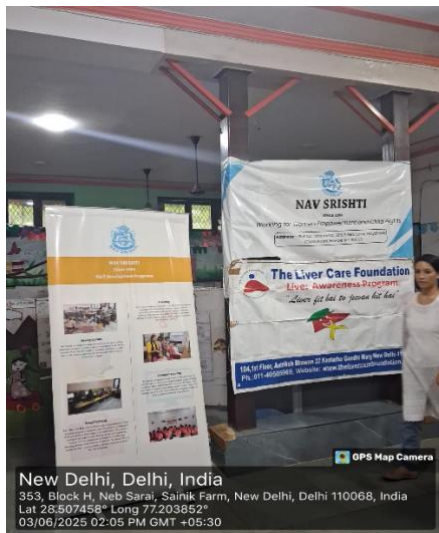

4. Promoting Self-help groups Working with NABARD, Nav Srishti is promoting women self-help groups in rural areas of Faridabad. The goal of the initiative is to build economic and social empowerment of rural women and engage them in decision-making.

Partnership with CRY

Nav Srishti collaborates with **Child Rights and You (CRY)**, aligning with their mission to promote children's rights and well-being. Through this partnership, Nav Srishti extends its reach and impact, particularly in areas like child protection, education, and health.

DAY 1(3RD JUNE)

- In the morning I was asked to teach children AGES 5-13 the subject English since each day of the week is divided to teach different subjects.
- In the evening a Liver awareness program was hosted in collaboration with **“Liver Care Foundation”**
- In this program there were representatives from the Liver Care foundation who came and told the students and their parents about the different Liver diseases that are there as well as symptoms and preventive measures for the same.
- I helped them set up the event by putting up banners ,calling the community and maintaining the decorum.

DAY 2 (4TH JUNE)

- In the morning I was asked to teach children AGES 5-13 the subject Mathematics since each day of the week is divided to teach different subjects.
- I was then asked to make a Success Story of an Student who is learning basic beautician skills from Nav Srishti's Parlor course that they offer at a minimal Price.
- I decided to take up the Story of Nisha Chauhan who is a 19 year old completing her education as well as learning how to do threading, makeup etc to become independent since she lives with her brother away from her parents who aren't able to fund her.
- I was asked to make a poster of this success story digitally so that it can be posted on their social media.

DAY 3 (5TH JUNE)

- On 5th June it was “**World Environment Day**” which was celebrated in the NGO in many ways. At first in the morning I organized a drawing competition along with other mentors present there for children of AGES 5-13 years.
- The winners of the competition were given colour pencils.
- In the evening older students were asked to prepare speeches, poems or skits on environment.
- I hosted this event by first telling them the importance of keeping our environment clean, explained the theme as well as called upon students to perform.
- Later Ms. Reena Banerjee(CEO of Nav Srishti) talked to these students on what they do to keep their environment clean.
- I made the students take a pledge to keep their environment clean.
- The event was concluded by going on a rally through the village and planting 10 trees in a nearby park.

DAY 4 (6TH JUNE)

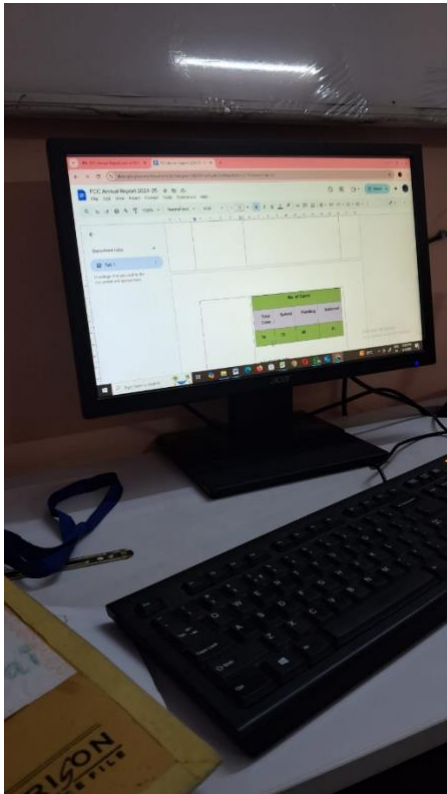

- Since it was Friday which is a “FUN-DAY” I taught some basic yoga after which I taught the students how to make an origami butterfly step by step.
- Before dispersing I gave all the students some homework.
- In the evening classes I was asked to go the science lab and make a report about all the practical models there, the number of students who showed up, what were they being taught.
- This facility was provided to students older than 13 years old and were taught using practical examples/Models.

DAY 5 (9TH JUNE)

- In the morning I taught Hindi to students ages 5-13 years.
- I was asked to make a report of the Family Counselling Centre(FCC) YEAR 2024-2025.
- I added photos, Cases as well as the different days that were celebrated in Nav Srishti such as women's Day.
- Later Data was added in the report to check if there was an improvement in the number of cases solved.

KEY LEARNINGS AND TAKEAWAYS:-

DAY 1

LEARNINGS:-

- Acquired skills in teaching English to children aged 5-13, with adjustments to methods depending on the age of the children in that group.
- I Gained experience developing, supporting, and coordinating a community health awareness initiative in partnership with a professional organization.
- I Improved my communication, organizational, and crowd management skills from my interactions with students, parents, and health professionals.

TAKEAWAYS:-

- Adaptability and communicating clearly is very important when engaging with children of varying ages and a varying community.
- Health awareness campaigns are most impactful when in partnership and actively engaged in the community.

DAY 2

LEARNINGS:

- I Gained real-life experience in teaching Mathematics to children ages 5-13 and to adapt ideas in order to meet the various levels of learning.
- I learned about storytelling and digital design from the process of making Nisha Chauhan's success story.
- I developed interviewing and observation skills interacting with the mentor of Nisha Chauhan.

TAKEAWAYS:

- Teaching foundational subjects involves creativity and patience.
- Personal stories like the story of Nisha can inspire others and demonstrate how skill development programs create impact.
- Designing digital content can facilitate positive outreach through the shared and social media platforms.

DAY 3

LEARNINGS:-

- I Expanded my knowledge of how to organize competitions and awareness events.
- Developed public speaking and event hosting skills by leading the event and communicating with participants.
- Developed insight into how NGOs engage youth in their environmental

initiatives.

TAKEAWAYS:-

- Organizing special days with engaging activities drives youth and children's engagement and awareness of issues.
- Leadership and teamwork are essential in organizing educational events.
- Simple initiatives, like rallies and tree planting, can create an increase in environmental awareness.

DAY 4

LEARNINGS:-

- I Explored creative mediums for teaching and facilitating yoga and origami were fun learning activities.
- Understood the importance of documenting educational resources via the science lab report-making process.
- Practical learning assists older students with conceptual understanding.

TAKEAWAYS:-

- Fun and interactive learning builds deeper connections with the students.
- Practical, hands-on education engages students at greater levels, and promotes engagement and retention of knowledge.
- Keeping track of reports and data assist's in evaluating the effectiveness of learning.

DAY 5

LEARNINGS:-

- I Improved communication and other instructional skills in Hindi.
- Learnt how to draft and compile a formal report that included Case data, images and progress summary.
- Gained a valuable insight in understanding how the Family Counselling Centre operates and the larger social impact it has.

TAKEAWAYS:-

- Children should know basics of all Languages.
- Documenting the work of an organization with actual data helps to communicate to the NGO's stakeholders the impact of its work and where improvements might be made.
